

Jan III Sobieski - Recommendation Letter

March 5, 2011

Re: Letter of Reference – Staffer Sp z o. o.

This serves as a reference letter for Staffer Sp z o. o. personnel outsourcing services.

We started cooperation with Staffer in November of 2010. From the initial planning and set up of its online and on the ground service system, Staffer has provided truly exceptional services.

Cooperation with Staffer has helped us raise the quality and reliability of our banqueting and food and beverage services. They have been extremely committed to our satisfaction and that of our guests and their unique online scheduling and staffing system and the training they provide their associates ensures a high level of predictability and reliability and has lowered our temporary labor costs.

We are pleased to recommend Staffer services to any organization seeking the highest quality service staff on a just in time basis.

Sincerely,

  
RESIDENT MANAGER
